2018 Superintendent 360 Survey

Results and Analysis

Ann Arbor Public Schools
School Year 2017 - 2018
Purpose of the Study

The Ann Arbor Public Schools (AAPS) Superintendent 360° Survey asked select members of the AAPS community for feedback on the performance of Superintendent Jeanice Kerr Swift for this school year.

Results will inform Dr. Swift’s work during the next school year.

The survey questions, at the Board’s request, have remained consistent over 5 years of implementation, 2013 - 2018

K12 Insight partnered with Dawn Linden, Executive Director of Elementary Education, to implement the survey, which addressed the following topics:

- Communication
- Community relations
- Student opportunities and achievement
- Sustainability
- Leadership
- Innovation
Details of the Study

The survey was open June 11–20. Email invitations with unique survey links were sent to selected members of the following groups:

- Blue Ribbon Advisory Committee members
- Board of Education members
- Community members
- Employee group leaders
- Instructional leaders
- Parents
- Principals
- Superintendent’s leadership team
- Teachers
- Students

Reminders were sent June 13, 18, and 20.
Understanding the Results

Results do not reflect random sampling; therefore, they should not be generalized to all members of the AAPS community. Rather, results reflect only the perceptions and opinions of survey participants.

The survey included a four-point rating scale and a Don’t Know option. The four-point rating scale was defined as:

4 = Performance consistently exceeds expectations
3 = Performance consistently meets expectations and may sometimes exceed expectations
2 = Performance sometimes meets expectations and may sometimes fall short of expectations
1 = Performance consistently falls short of expectations

Findings for each item in the report exclude participants who did not answer. In charts and graphs, data labels less than 5 percent are not shown. Percentages may not total 100 due to rounding.

Challenges & Next Steps

• Time – AAPS has retained a consistent 360 survey for 5 years and the Board has discussed adjustments to the survey instrument moving forward

• Consider aligning the Superintendent survey with AAPS emerging Strategic Plan

• Also discuss setting 2-3 strategic performance goals each year, and measure both perception and progress toward achieving those specific goals
