

Before the school year begins...

Immunizations Guidelines for the 201+-2018 School Year

State law requires that all students enrolling in preschool, Kindergarten, 7th grade, and all new students provide proof of immunization status or a waiver by the start of school. Parents/guardians can provide this proof by dropping off or mailing copies of immunization records to the school office before the first day of school.

Local Resources for Immunizations

- Your family's pediatrician (or see pediatric listings in phone book/internet)
- Free or low-cost immunizations and sports physicals are available all summer through the [UM Regional Alliance for Healthy Schools](#) (RAHS). RAHS clinics located at Pathways to Success Academic Campus and Scarlett Middle School are open to all AAPS students, no matter which school they attend. Call (734) 677-2708 to schedule an appointment.
- Washtenaw County Public Health offers immunizations by appointment, including evening appointments. Call (734) 544-6700 to schedule an appointment.
- Contact your school nurse for other resources and with questions.

Non-Medical Waivers

Ann Arbor Public Schools encourages parents/guardians to fully immunize their children to maintain a healthy school environment for all students and staff. By state law, parents or guardians seeking to opt their children out of one or more required vaccinations must participate in a science-based educational session with their local public health department. In Washtenaw County, waiver appointments can be scheduled by calling Washtenaw County Public Health at (734) 544-6700. Appointments take approximately 30 minutes.

Please note that schools are no longer authorized to provide non-medical vaccination waivers to parents.

For additional information, please visit the Ann Arbor Public Schools website at a2schools.org

Lead. Care. Inspire.
