

Ann Arbor Public School District

Space Available In-District Transfer Application Information for the 2023-2024 School Year For Students in Grades Young 5 through 11*

***** Application Window May 1 – May 30, 2023 *****

Parents will tentatively be notified of their application status by June 13, 2023

For Students Residing Within the Ann Arbor Public Schools Attendance Boundaries

The Ann Arbor Board of Education has approved a Space Available In-District Transfer policy that allows for a permanent reassignment of in-district students from one school to another. Under the Space Available In-District Transfer policy, families that live **within** the Ann Arbor Public School district may apply for a transfer from their assigned school (as defined by the Ann Arbor Public School Street Index) to one of the identified space available schools. Families of students who receive these transfers are officially assigned to the requested school instead of their original school. If the transfer request is granted, students can stay for all grades offered at that school.

Please note:

- **Transportation to and from school will not be provided by AAPS. Transportation is the responsibility of the parent or guardian. The ability of a family to transport students to arrive on time to school and be picked up on time is an important consideration when applying for an In-District transfer. Please consider this carefully.**
- **All high school transfer students may be subject to an athletic ineligibility period per MHSAA policy. For more information, please contact the athletic director at the school you have been approved for an In-District Transfer.**

Application Process:

- Applications are accepted anytime within the application window time frame. **Applications are NOT processed on a first-come, first-served basis.**
- Parents wishing to apply for a Space Available In-District transfer must complete an **online** application for each student. **The application deadline is May 30th at 11:59 P.M.**
- Under the transfer policy, schools with space available are determined based upon capacity and projected enrollment. Space available for the 2023/2024 school year is found in the following buildings:

Ann Arbor Public Schools In-Person Campuses				
ELEMENTARY & K-8 SCHOOLS – Grades available noted with each school
