12 February 2021

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-2020 educational progress for Huron High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Dr. Janet Schwamb, principal of Huron High School for assistance.

The AER is available for your review electronically by visiting a2schools.org/aer, or you may review a copy in the main office at your child's school.

For the 2019-2020 school year, schools were identified using definitions and labels as required by the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student group. An Additional Targeted Support (ATS) school is one that has a student group performing at the same level as the lowest 5% of all school in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given a label.

Huron High School celebrates 53 years of excellence. Huron is guided by data-driven decisions and tiered interventions, with the goal of improving student achievement. Support includes counselors monitoring student progress, Saturday School, Achievement Team Plans, Rising Scholars Program, Peer Tutoring, Intensified Algebra 1 classes, coupled with the use of best teaching practices in classrooms. Huron was ranked #30 in performing High Schools in the state of Michigan by US News, and ranked the #7 public High School in Michigan, #5 for best College Prep, and #9 for best High Schools for STEM education by Niche Magazine. Our school recognized 27 National Merit Semifinalists and 12 Presidential Scholars. Huron High School is an International Baccalaureate (IB) World School, and is fully authorized to offer the IB Middle Years Programme, IB Diploma Programme, and IB Career- Related Programme and is the only high school in Michigan to offer the three IB Programmes (MYP, DP and CP). Huron's IB leadership team and staff worked to develop and offer an IB Programme for all students. The five pillars of the IB Programme continue to guide teaching and learning at Huron: Inquiry- students asking questions, students finding

answers; Global awareness- connecting to the local, state, national, and international community; Action and Service- learning by doing, making a positive impact; World languages- all students learning a world language; Access and Equity- intentional development of curriculum and supports connected to the needs of learners. Huron staff continue to refine, and deliver inquiry-based lessons in the Middle Years Programme (grades 9 and 10), Diploma Programme, and Career –Related Programme (grades 11 and 12) in all content areas. Additionally, Huron offers twenty Advanced Placement Courses for students to choose from. Huron High School offers the "right fit" for students based on a variety of programs and course offerings. Huron is a diverse school and our diversity is a point of pride. Parent feedback is welcomed. At Huron all are welcome.

State law requires that we also report the following additional information:

1. Students are assigned to the school based on neighborhood residency in the school's attendance area, through an in-district choice application process for available seats, or through a schools-of-choice process where seats are available.
2. Our school improvement plan reflects a thoughtfully considered set of goals and objectives to guide continuous improvement. Huron High School is in year 1 of our School Improvement Plan.
3. The Ann Arbor Public Schools is very proud to offer district students and families the option of attending the following specialized schools:
 - ★ Ann Arbor STEAM at Northside reflects excellence in project-based learning through the lens of science, technology, engineering, arts, and mathematics. Students engage in real-world problem solving and work together to enhance and grow in their knowledge and skills.
 - ★ Ann Arbor Open at Mack offers a unique, multi-grade learning experience honoring each student's interests and individuality. The high achieving K-8 school engages students and families as true members of this democratic school community.
 - ★ The International Baccalaureate (IB) Pre-K through 12th grade corridor at Mitchell Elementary School, Scarlett Middle School, and Huron High School reflects international standards of excellence taught from a global perspective and personalized through community service. Teaching and learning represents culturally responsive inquiry-based instruction that embraces the tenets of the IB Learner Profile and IB Programme Standards and Practices.
 - ★ Pathways to Success Academic Campus is an alternative high school for students who prefer a smaller learning environment. Pathways offers extended evening hours integrating online learning with face-to-face instruction (outside of the pandemic). Community internships and dual enrollment at Washtenaw Community College offer accelerated career/college preparation.

4. Ann Arbor Public Schools offers a rich and expansive core curriculum reflecting the Michigan State Standards. The core curriculum is published and posted in the high school course selection guide and on the pre-K through 12th grade curriculum map available on our district web site.
5. State accountability and assessment data for Huron High School can be found at <https://bit.ly/2Z3of5p>.
6. Seventy-five percent (75%) or 1,200 parents/guardians were represented during recent parent-teacher conferences. Additional parent conferences were also held through Achievement Team Meetings, 504 meetings, and IEP meetings.
7. Many high school students obtain college-level credit or experience during their high school career. The following summarizes these experiences at Huron High School.

Huron High School	<i>2019-2020 Academic Year</i>		<i>2018-2019 Academic Year</i>	
	<i>number</i>	<i>percent</i>	<i>number</i>	<i>percent</i>
Postsecondary Enrollments (Dual Enrollments)	28	1.7%	30	1.7%
College Equivalent Courses Offered (AP/IB)	81		66	
Students Enrolled in College Equivalent Courses (AP/IB)	743	45.5%	761	44.2%
Students Receiving a Score Leading to College Credit (AP score of 3 or above)	321	90.9% <i>(of AP exam takers)</i>	309	90.4% <i>(of AP exam takers)</i>

The following are some of the key initiatives for Ann Arbor Public Schools:

- ★ Project Lead The Way (PLTW), a PK-12 science, technology, engineering, arts, and mathematics (STEAM) curriculum, is being utilized at all of our schools.
 - PLTW LAUNCH is at all of our elementary schools and has been met with great enthusiasm. The students and teachers enjoy the STEAM activities and project-based learning. Students PK-5 will experience two different two to three-week long modules at each grade level in their home classroom, co-taught by their classroom teacher and a PLTW lead teacher.
 - PLTW Gateway is at all of our middle schools and has successfully replaced Technology Education. The students and teachers enjoy the STEAM activities and project-based learning. All 6th Grade students experience Design and Modeling (DM) for one term. 7th. and 8th. grade students may choose from various elective courses which include: Computer Science for Innovators and Makers (CSIM), Automation and Robotics (AR), Medical Detectives (MD), and Energy and the Environment (EE).
 - PLTW Engineering is at all of our high schools, varying depending on the school community, and has had great success. These project-based learning courses include

Engineering Design (ED), Principles of Engineering (POE), Computer Integrated Manufacturing (CIM), Aerospace Engineering (AE), and Engineering Design and Development (EDD).

- ★ Integrated global studies and expanded K-12 world language opportunities.
- ★ The full International Baccalaureate continuum of programming from Pre-K (ages 3 and 4) through 12th grade including all four IB programs – Primary Years Programme, Middle Years Programme, Diploma Programme, and the first Career-related Programme in Michigan.
- ★ Enhanced interventions to support accelerated learning in mathematics
- ★ Early childhood education includes opportunities to attend Young 5's kindergarten.
- ★ Expanded magnet and Career Technical Education (CTE) programs, K-12.
- ★ Personalized Learning Plans (PLP's) for every elementary student in every elementary school building.

The Annual Education Report provides an important snapshot of our academic progress and overall academic status at Huron High School. We applaud the dedication and passion consistently demonstrated by our students, faculty, and staff. We pledge to continue to invest in curriculum enhancement, alignment to rigorous state standards, and to provide robust professional development on effective practices proven to eliminate achievement disparities and elevate school improvement.

In addition to being proud of our many accomplishments, Huron High School will continue to monitor the progress of each student and the achievement gaps that continue to persist between groups of students. To help accomplish this, teachers collaborate daily to develop and refine lessons using inquiry based learning. Students are asked to be active participants in their learning. This is the third year that all professional staff has participated in an ongoing year long SIOP workshop model to meet the needs of our EL learners. We continue to pay close attention to providing effective and differentiated support to students with disabilities, to students who primarily speak a language other than English, and to students who cope with the impact of poverty while developing academic proficiency.

We remain highly committed to increasing achievement for all student while addressing the achievement gaps that are evident for some groups. We will embrace effective teaching characterized by rigorous and personalized learning that nurtures the whole child. We do all this while ensuring that students have a sense of well-being in a safe environment that welcomes all families and celebrates the diversity evident in our community.

Sincerely,

Dr. Janet Schwamb
