

Daily Student Pre-Screening for COVID-19 Symptoms

Help keep your child's school healthy and safe for all!

Parents/guardians are responsible for reviewing and responding to the questions below each day that their child will attend school in person.

1. In the past 24 hours, has your student experienced any of the following NEW or UNEXPECTED symptoms:

- Fever of 100.4 or higher or feeling feverish (chills, sweating)
- New cough
- Difficulty breathing
- Sore throat
- Vomiting or diarrhea
- New loss of taste or smell
- New onset of severe headache, especially with a fever

If YES → Stay home, contact your child's health care provider, consider seeking a COVID-19 test.

2. In the past week, has anyone in your household been diagnosed with COVID-19?

If YES → Your student must quarantine from the date of last close contact with the infected individual. Contact your school nurse with questions.

3. In the past week, has your child been in close contact with anyone outside the home who has a confirmed or probable case of COVID-19?

If YES → Your student must quarantine from the date of last contact with the infected individual. Contact your school nurse with questions.

4. Is your student under evaluation for COVID-19? For example, is your student waiting for COVID-19 test results because he/she was a close contact of a known case, or has been experiencing COVID-19 symptoms?

If YES → Stay home and wait for test results.
