

Logan Elementary School PTSO

Report and Recommendations from the 2021-22 Goals Meeting

Purpose: To determine and set priorities for both short and long-term goals to provide for continued development, growth and improvement of Logan Elementary PTSO. The agreed upon goals are submitted to the Logan PTSO for review and incorporation into the planning process for the 2021-22 school year.

Key Goals and Continual Improvement Recommendations:

1. As a result of a PTSO that operated virtual in 2020-21, recognize the efficiencies that resulted across meetings, events and communication and adjust future plans accordingly.
2. Provide a virtual option (i.e. Zoom) for all meetings. Alternate meeting times (i.e. AM and PM) to ensure all Logan families have the opportunity to attend.
3. Act as a support to teachers and students returning to in-person learning in 2021-22 and continue incorporating flexibility into the budget to support unexpected events.
4. Continue to utilize a budget that accurately reflects the needs and wants of the school.
5. Continue to utilize a comprehensive plan for fundraising while considering the changing needs of the PTSO.
6. Continue with the successful welcome activities, i.e. New Family Tour, Kindergarten Playdate and Welcome Event, with dates communicated early and virtual options available.
7. Continue to utilize the Logan PTSO website with timely updates, social media consistency among platforms (Facebook and Twitter), online volunteer sign-up and link to Logan school calendar.
8. Continue to improve on succession planning for Officer & Chair roles by noting a preference of a two-year commitment for all roles, encouraging co-chairs and broadly publicizing the nomination process via Google Forms.
9. Continued support of classroom teachers through the teacher vouchers and mini-grants. Based on usage of teacher vouchers, offer a second round in early Spring.
10. Continued support and coordination of the enrichment programs including bringing groups to Logan, offering virtual events and as well as helping to fund field trips. Ensure enrichment programs provide a variety of experiences. Align funding for field trip transportation based on 2019-2020 spend.

11. Maintain ability to respond and support requests that come through each year (i.e. Staff Lounge update, etc.). The request for donations toward specific goals should continue at the time of regular dues.
12. PTSO will provide support to replenish the library in Fall 2021.
13. PTSO will create a line item to support a Summer Reading program.
14. Determine a yearly primary goal for specific fundraising, such as the library replenishment.

These goals and recommendations are submitted to the Logan PTSO for review and incorporation into the planning process for the 2021-22 school year.

Respectfully submitted,

Pamela Fine
