

August 27, 2021

Dear Allen School Community,

In accordance with the Michigan Department of Health and Human Services (MDHHS) guidelines for schools, I am communicating that there is a confirmed case of COVID-19 at that was in attendance at the Meet and Greet on Wednesday, August 26th.

Our AAPS COVID-19 Response Team has conducted the district contact tracing protocol in consultation with the Washtenaw County Health Department. **They have determined that there are no close contacts to the case.** If something changes, we will notify you as soon as possible.

If you were in attendance, make sure you are monitoring yourself for COVID-19 symptoms. The student health questionnaire that may be helpful is linked [HERE](#).

If you or your child are experiencing even mild symptoms, please consider getting tested. The WCHD has information about testing locations [HERE](#).

Please note that privacy regulations restrict us from sharing identifying/personal information about the individual(s) who have been diagnosed with COVID-19.

This situation reinforces the importance of consistently following all COVID-19 mitigation strategies and protocols. These include vaccination for everyone ages 12 and up, consistent use of face coverings, maintaining social distance, and hand sanitization, among others.

Sincerely,

Laura Wolf & Nurse Beth

Allen Principal and Allen School Nurse
