

5/20/22

Dear Eberwhite Community,

This letter is to inform you that we have been notified of COVID-19 cases at Eberwhite this week. There have been five total cases this week in the 1st-grade, 2nd-grade, 3rd-grade, and 5th-grade. The positive case has been asked to isolate according to AAPS protocols. Privacy regulations restrict us from sharing identifying/personal information about the individual(s) who have been diagnosed with COVID-19.

At this time, we are focusing on following up with known positive cases and conducting contact tracing for any higher-risk exposures as defined in the [AAPS K12 Guidance](#). If you are not individually contacted, by email or phone, then no action is necessary.

**As a reminder, we need everyone to do their part to help minimize the spread of COVID-19 in our schools. This includes:**

- Monitoring your child for *any* COVID symptoms using the [Daily Student Pre-Screening for COVID-19 Symptoms](#),
- **Keep your student home with even mild symptoms**, get tested, and quarantine until results come back.
- Ensuring your child wears a tight-fitting mask to school
- Getting your student vaccinated and boosted
- Getting your student tested as needed based on symptoms and exposure to others who test positive. [CLICK HERE](#) for a list of community testing sites.

Please contact our school nurse, Meghan Stelzer, with questions.

Sincerely,

Bill Harris, Eberwhite Elementary School
